

WHOLESALE

An introduction...

My work as an artist focuses on the nature we see around us. The diversity of life on this beautiful planet is worth celebrating on items in the home and items used every day.

These designs are made with gouache painting, cut paper, and pen and ink. They are inspired by plants and animals and often put in playful or contemplative situations. They speak to our own emotions and sense of connection with our fellow earthlings.

My artwork appeals to people of any age who appreciate nature and want to include it in their lifestyle. Customers buy fine art prints to redecorate a room, select a collection of greeting cards to send to friends and family, collect stickers for their water bottle or laptop, and enjoy being part of the creation when working on a make-your-own animal kit.

My unique greeting cards have a wrap-around design covering the front and back. They are blank inside for personalized messages. Fine art quality Giclee prints bring wall décor to life. The 1-inch margin allows for easy matting and framing. And stickers can be customized with the text of a special place. New this year, animal garlands add a decorative flair to any wall.

Wholesale designs are updated regularly as new work is created. Feel free to contact me with requests for orders at johanna@jfinnegantopitzer.com or (603) 988-4474.

Thank you for your interest in my work.

Johanna
